Who the HKIE is

Originating in 1975 with around 2,000 members, the HKIE now boasts a membership over 30,000. All this time, it has never stopped evolving with the times. With 21 Disciplines, 19 Divisions, and a Corporate Membership recognised for the Hong Kong civil service, the HKIE will persist in its dedication to community service.

Guided by the Government's directive on Competing for Talents and Enterprises, our UK delegation will proclaim the promising outlook for engineering practitioners in Hong Kong. By introducing our counterparts abroad to the city's golden professional opportunities, we hope to attract them to join us in serving this community.
